We come into the world alone.
We go away the same.
We're meant to spend the interlude between
in closeness
Or so we tell ourselves.
But it's a long way from the morning to the evening.

... and we have come a long way.

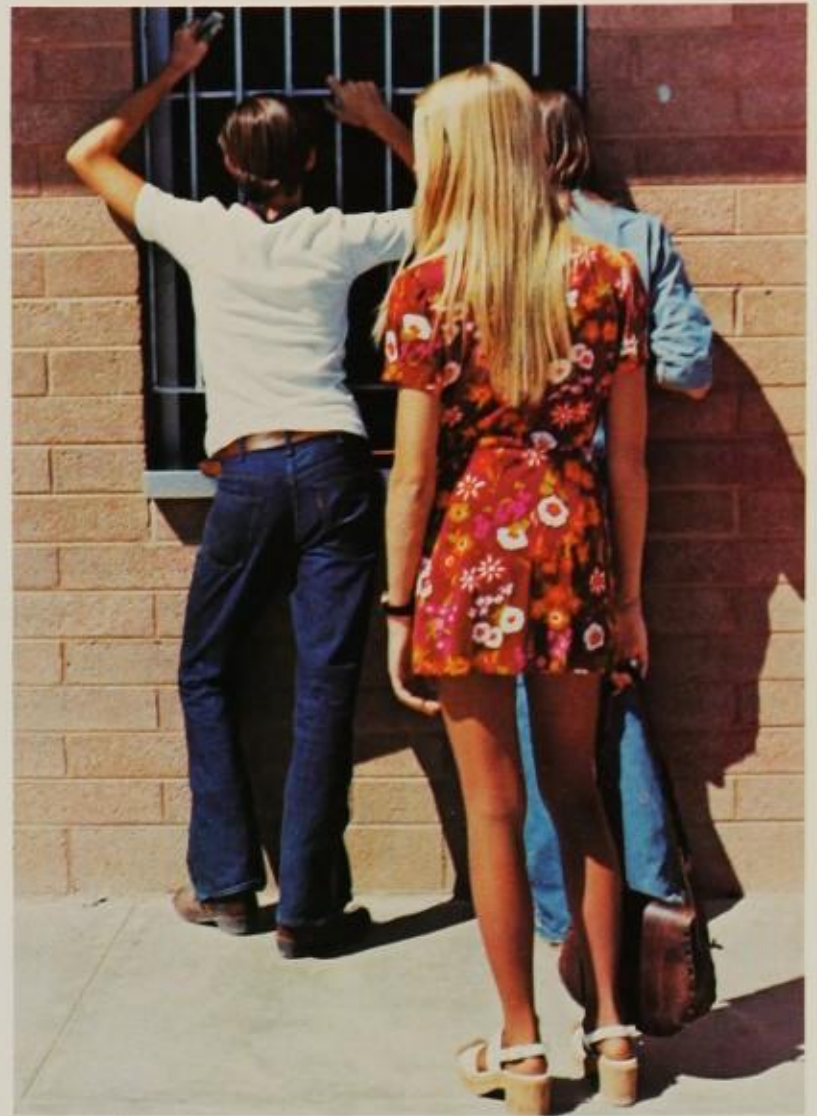

You've come a long way
since the days
of playgrounds, bobby socks,
and model cars.
Your methods
and styles of learning
have changed.
They've been shifted
and altered.
but
You've kept the best of
the traditions
and into these traditions
you've incorporated
a vast variety
of more interesting subjects.

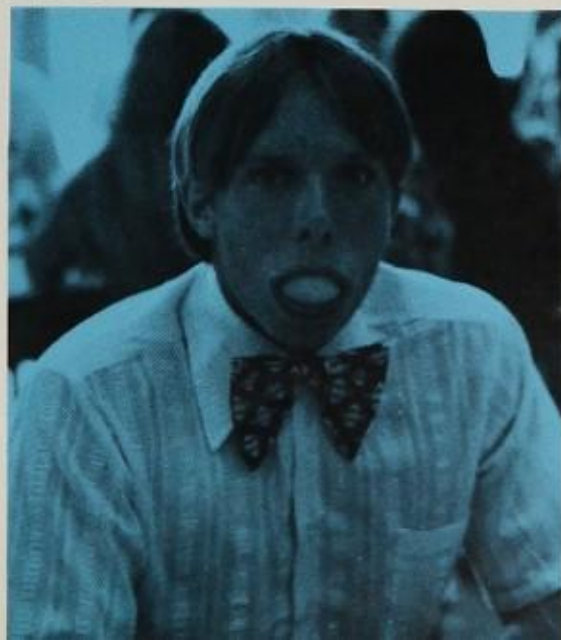

Today's educational scene
is characteristic of us all;
whether it be readin'
writin'
'rithmetic,
or ecology.
Advancement
helps us
increase our knowledge;
it whets our curiosity;
it spurs us on
to bigger
and better
accomplishments.
Remembrances
can convey a "mood"
in life,
but
we can't say the "mood"
will be the same
for everyone.
We can't be sure
that the emotion
of a particular "mood"
will be an emotion
identical to each of us.

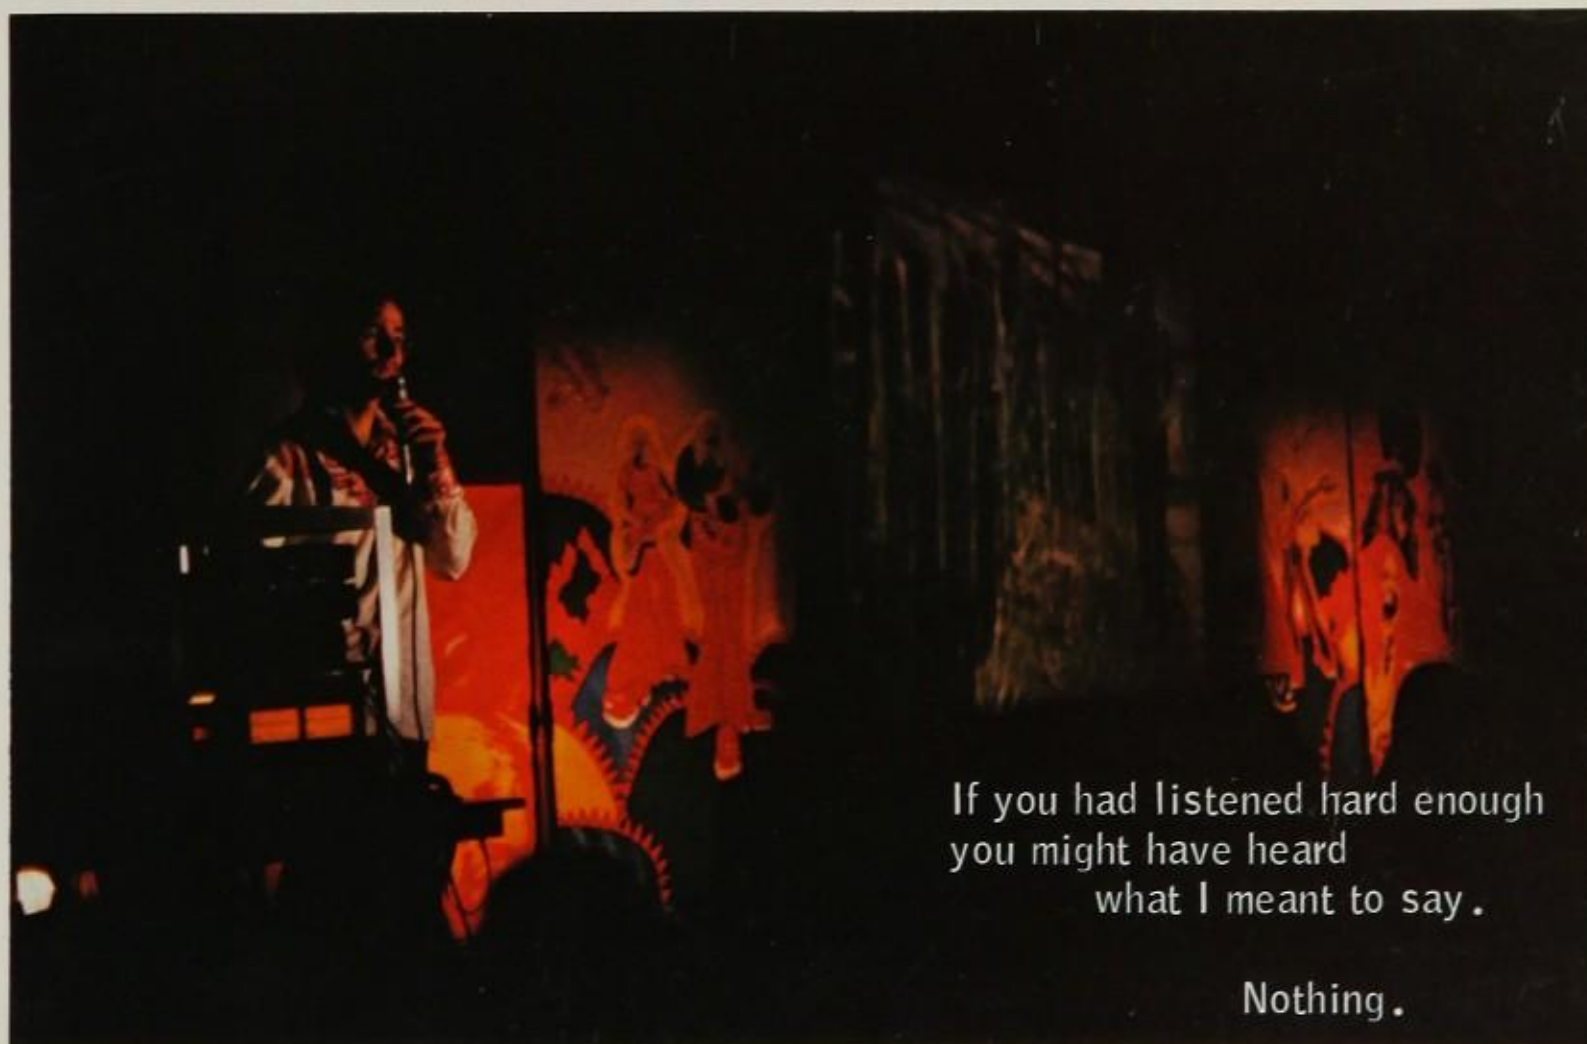

Student reactions to the
Student Activity Building,
Registration procedures and
New teachers
Have been many.
Minds become preoccupied
With world problems--
The Watergate scandal,
Presidential impeachment
Procedures and
Official resignations.
All become useful knowledge
And experiences to remember.

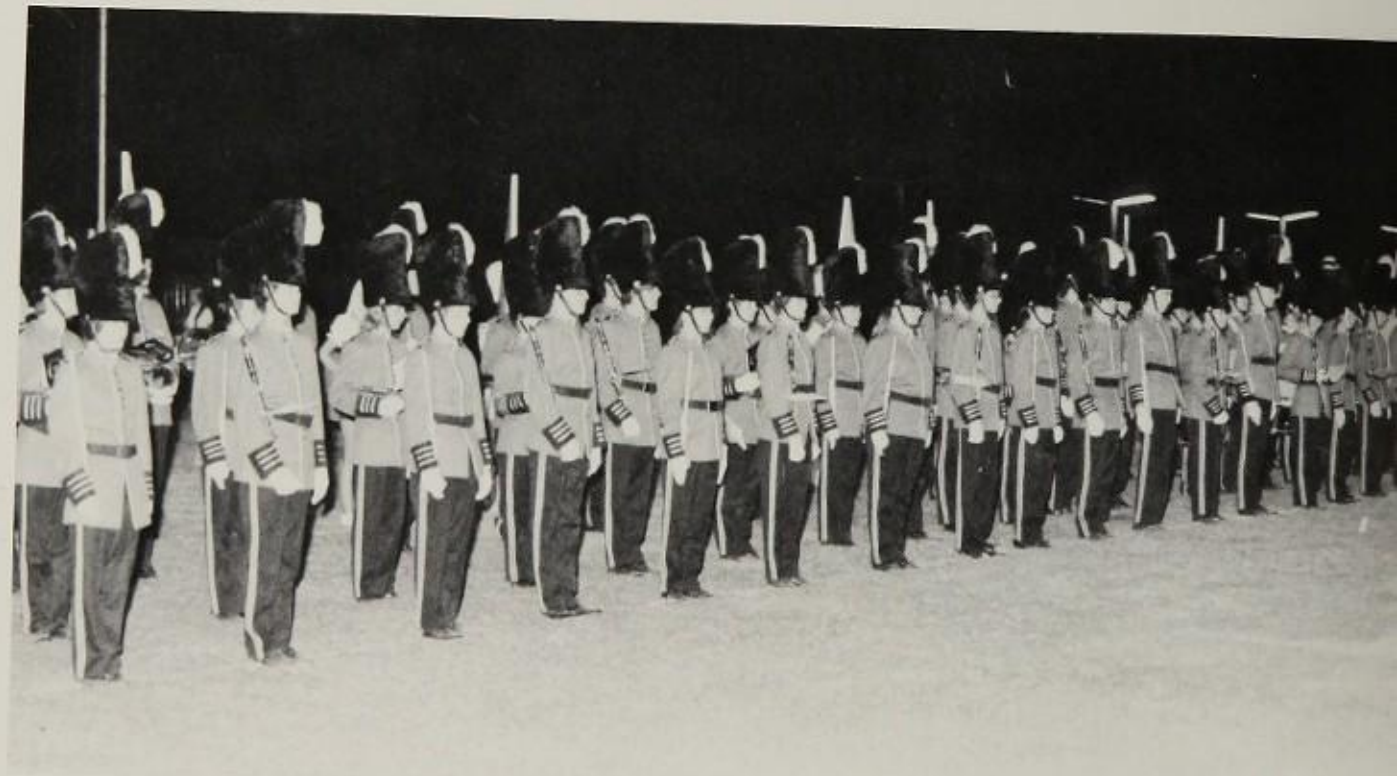

As you've become
More experienced in life,
Your goals have extended
And
When you've accomplished them,
They've become
An important learning experience.
Yes, you've come a long way,
But there's still a long way to go.

If you had listened hard enough
you might have heard
what I meant to say.

Nothing.

Spirit Rises With Rebirth of 50's

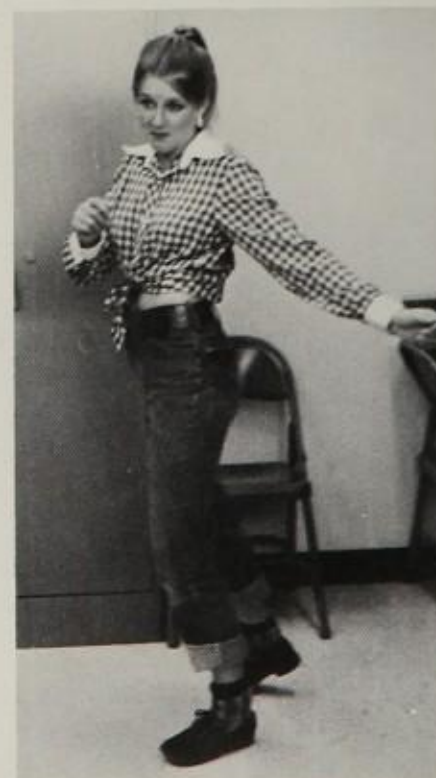

Carolyn Stromberg appeared in the halls with a smile as did everyone who dressed up in their 50's outfits.

Lisa Boulton and Brenda Doyal demonstrate the jitterbug at the 50's Dance held in February.

Known as the "Greasers" are Jerry Burns, Dick LaPorte, Dan Emmons, and David Houchin.

Jeannette Colyn was a stunning attraction in class after everyone realized the outfit was for real.

"In the groove" and Anita Albright, Jan Allison, Valerie Valriquette and Michelle Manning.

Charlee Herndon and Jeannette Colyn competed in the Hula Hoop Contest held during the Sock Hop.

Dressed in their 50's clothes, from bobby socks to long skirts to saddle shoes, the turnout of people at the dance was the largest ever.

"I feel totally ridiculous," says Junior Lori Douglas to Karen Morehouse, but the fad had caught on and everyone on campus was wearing white socks and knit sweaters.

It's Only Make Believe

"It's Only Make Believe" was this year's Homecoming theme.

The days' festivities started off with the Homecoming Parade at Shea Plaza. Included with the five floats were band, pom and cheer.

After the parade, everyone went to the bonfire where the students did the traditional snake dance around the fire. The Spirit Jug was uncorked and all of last year's programs were burned in the blaze.

The Trojans played a long, hard game against the Cortez Colts and the final score was 14-7 in favor of the Colts.

Half-time ceremonies included the caravan of floats around the track in which the senior float took first place. Juniors followed with second, sophomores placed third, C.O.E. took fourth, and the freshmen wound it up with last place.

Homecoming Royalty was then selected with Mitch Elrod and Jackie LeBrun chosen King and Queen.

After the game, a Homecoming Dance was held in the cafetorium with cake and punch served as refreshments. Couples danced to music provided by "The Facts of Life," and if they wanted, had their pictures taken.

ACADEMICS

Jorita Pederson, junior, concentrates on a problem as explained by Mr. John Jensen, her Geometry I teacher.

Aren't You Glad You Use Math?

Sixteen hundred students were enrolled in seven math courses this year, which were divided into 12 categories. Seventy-five percent of these students were taking freshman level classes to supply their math credit that is required for graduation.

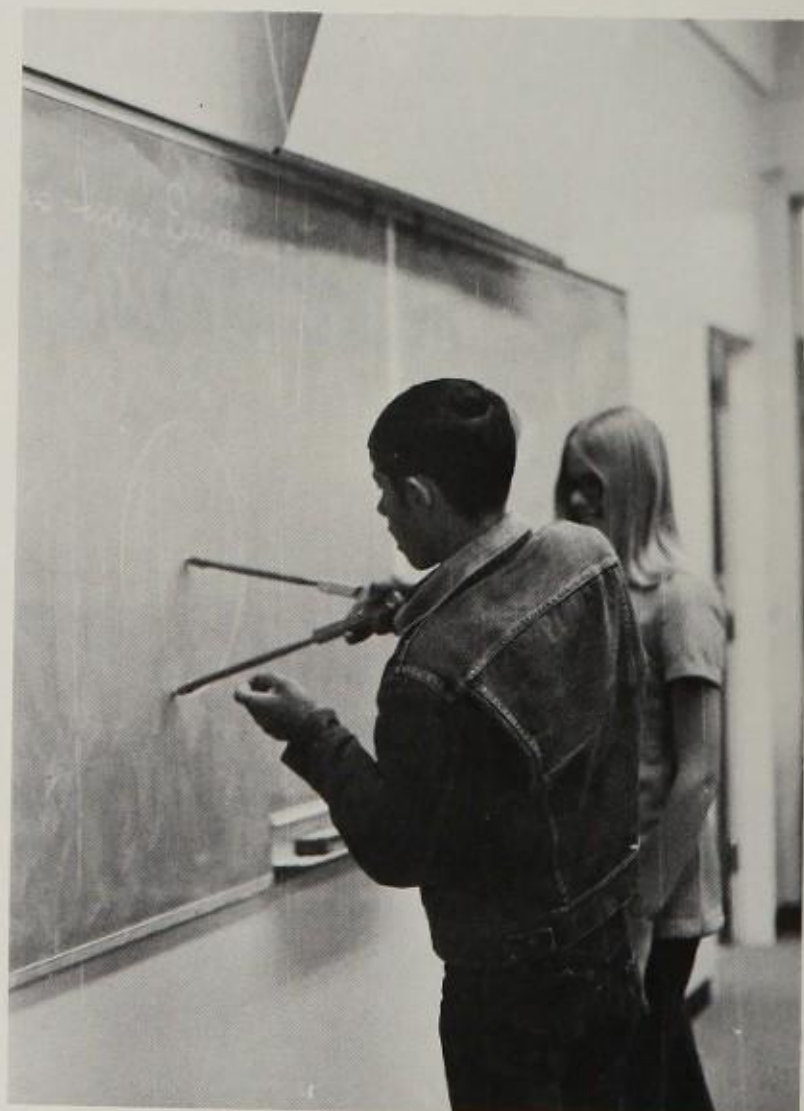

Three new teachers added this year were Miss Penny Woon, teaching General Math and Introduction to Algebra, Mr. Michael Peterson and Mr. John Jensen, both teaching Geometry and General Math.

The Math Department planned to present to the administration a new math course to begin next year. It will be aimed at upperclassmen who are weak in math yet realize they will need these skills in the future.

Quizzes, tests and homework almost every night are used to implement the curriculum in this department. But, on the lighter side, General Math students play Monopoly as well as other Math and money related games to practice their basic skills.

The philosophy of this department is the hope that students will improve their attitudes toward math, will develop mathematical skills, analytical minds and good work habits.

The fun of geometry is demonstrated by Sophomores Tom Harbour and Rene Davis.

Varied Courses Attract Students

With over 2,000 students enrolled in the fourteen courses offered by the science department, six new earth science teachers have been hired.

A second year chemistry course has been added to the curriculum this year also. The first semester of the course will be taught by Mr. Dutton and the second semester by Mr. Smith. A new chemistry lab has been added, which is completely equipped to handle the class.

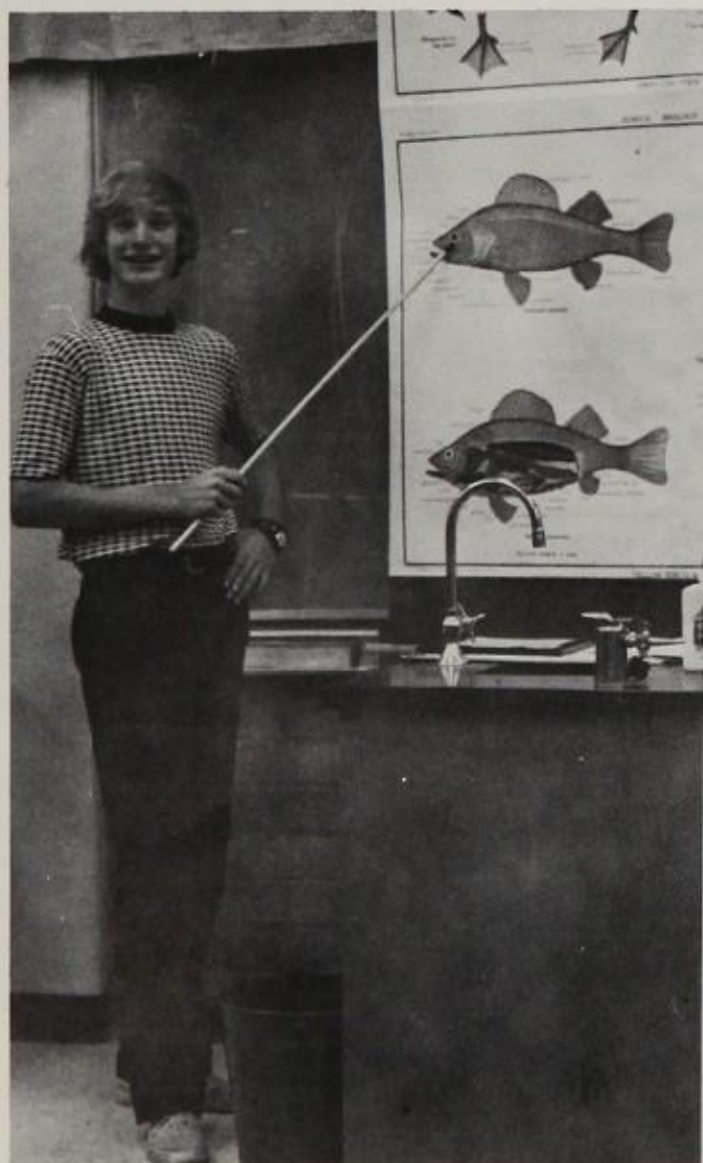

At the end of last year two new analytical balances were bought for the advanced chemistry course.

In addition to other new equipment a telescope has been purchased and an astronomy section of the science club started.

In addition to full year courses, one semester courses in geology, ecology, biogeography and entomology are offered.

Linn Plesher and George Alexander can't quite figure out if anything's in the aquarium.

Mark Gordon explains a chart to the Biology A Class.

Vicki Danley has a hard time looking for the Excedrin in the science cupboards.

Bret Greenwood demonstrates how the head phone is used in his reading class.

As the picture shows, the students give Miss Harvey their undivided attention. The divider is a plug used for films.

When You're Out of Words, You're Out of Touch

What could be in Mr. McEndree's lecture that this Freshman English class considers funny?

The English Department now has over forty courses in the program, three of which are new.

The new classes are Southwest Literature, Everyday English, Spelling and Vocabulary.

Seven new teachers were added to the department to teach English and Reading.

They are Mrs. Mary Jo Wilcoxson, Mr. John McEndree, Mr. Tim Martin, Mrs. Beverly Wright, Miss Gwen Doyle, Miss Susie Maddox and Miss Carol Anderson.

All students are required to take either a year of Freshman English or Reading.

In the Reading Department, students are enrolled and required by the state to meet a ninth grade level test. Class projects include reading one book per nine weeks grading period and a written or oral report. In some of the classes, the students may make posters or collages in place of their report if they feel it would express the book they read better.

For the students, there are over 1,000 paperback books on subjects such as Indians, Ecology, Drugs or Science Fiction.

Current Events Sparks Enthusiasm

Geof Replogle and Tim O'Neil are studying sociology, a new class taught by Mrs. Niedner.

The Social Studies curriculum expanded this year to include two new courses, Sociology and Arizona History. These two classes have proven to be the most popular electives in the department. Plans are also being made for a new course next year, Anthropology. This decision was made to encourage students to choose more electives in the department.

American History has changed substantially this year. It started with the Post Civil War period and is continuing more thoroughly than before in past years. This is possible because the seventh and eighth grades in the other district schools are now covering all the events up to the Civil War.

Most of the Social Studies classes have a stimulating new activity called "The Current Events Game." Each Friday, the classes meet and compete to see which class knows the most about what is going on in the world at the time.

Nancy Hoffman explains government policies to fellow students in her American History class.

Guest speaker Mr. William Hyder spoke to Mr. Wolfe's Civics class about his duties as Assistant Prosecutor.

The mural painted by a former Spanish student sets the mood for the study of the language.

Students were able to choose from four foreign languages this year. A choice could be made from two years of German, three years of French, two years of Russian and four years of Spanish.

German was expanded from a one-year course last year to two years this year and a German Club began its first full year to allow students to further their usage and practice of the language.

The Spanish Club began early in the year to prepare for the annual trip to Mexico by working on money making projects.

All foreign language classes stressed the study of the language by actual conversation in the classroom in the target language. Film-strips and other audio-visual aids also helped implement the curriculum.

Classroom discussions and decorations allowed students to learn about their language, both culturally and academically.

Language Discussions Aid Classes

Harry Kalous plays instructor to Mark LaTour during one of Mr. Tom Harrington's German classes, while Andy Sparrow dwells upon his own homework.

Mr. Ortega explains the fine points of Spanish grammar to his class.

Typing seemed to be a favorite among students enrolled in business courses. It is designed to teach students the use of the typewriter for personal and business use. During the year students studied the typewriter keyboard, use of machine parts, speed development, business and personal letters, manuscripts, and research papers. Because of the widespread use of the typewriter in all areas, it is suggested that all students plan to include typing in their high school schedule.

The department, headed by Mrs. Marilyn Patrick, offers sixteen business courses to the students. They include Shorthand, Business Machines, General Business and Business Law, which has been extended to a full year course. Newest equipment includes electronic calculators, three keypunches, and an offset, which teachers hope will widen the experiences of the students.

Junior, Lill Montoya, demonstrates that the one finger method is the easier way to add.

Judy Carney, junior, shows her ability to operate one of the new electronic calculators.

Typing appeared to be a favorite among students, this year, as this girl demonstrates.

Come to Where the Flavor Is . . .

Sandy Baker and Shanna Hughes are putting on the last side of their gingerbread house that they made in Food for Teens. The winning houses were displayed at the Phoenix Art Museum.

There are two new teachers in the Home Economics Department this year; Mrs. Susan Cleveland, who is head of the Child Development Center, and Miss Barbara Porter, who is the sponsor of the HERO Club.

Some courses offered this year in clothing were Fashion Design and Construction, Tailoring Modern Fabrics and Clothing for Teens. The cooking area offered such courses as Meals for Moderns, Nutrition and Foods and Food for Teens.

Child Development, Bachelor Survival and Food Service and Hospitality seemed to be the most popular courses, as shown by enrollment figures.

In Child Development the students learned about different families and how they lived in their societies. Many speakers from different organizations came to talk to the students such as Planned Parenthood, Right to Life, and a police officer, who explained the penalties for child abuse.

In Bachelor Survival, there is more than just cooking for the bachelor students. They learn about good nutrition, grooming, desert survival, and laundry. popular one is Food Service and Hospitality.

This year the Home Economics Department has been extremely active in providing the student with such activities as field trips, speakers and clubs to make the classes more interesting.

In Child Development the students were taught mouth-to-mouth resuscitation by Red Cross Instructor Rudd Calarich as Sherry Carter is Demonstrating here.

Tami Orsborn is preparing the dough for her gingerbread house in Food for Teens.

Industrial Ed. Provides Skills

The Butcher, The Baker, The Cabinet Maker. . . Kelly Royer, Beth Rohe and Robin Cooper are part of the Home Mechanics class for girls.

The Industrial Education Department, with an enrollment of 1500 students in 54 different classes, has proven to be one of the more popular non-required courses.

A favorite this year seems to be General Shop, with seven different classes being offered each nine weeks. These include: Woodworking, Metals, Electricity, Plastics, Power Mechanics, Drafting, and Graphic Arts. At the end of each nine week period the students are transferred to another class; therefore, in one school year each student in General Shop will have been exposed to four different areas of Industrial Education. There are a total of 244 sections of General Shop.

Not only boys, but also girls, can enroll in all of the above classes. Girls also have classes of their own, including Home Mechanics.

The local business community also gets involved in school with the donation of equipment and advice. J. C. Penney's recently donated to the class a Diagnostic Text Machine to be used in the automotive department.

Sophomores Robert Caulfield and Mike Smith demonstrate their cutting ability on the lathe in Metals 1 & 2.

Richard Grant practices his drafting techniques.

Barry Stover appears deeply involved in his water color painting

Gogi Lampi applies hand and knife to the stubborn task of cutting clay during art class.

Art Students Capture Awards

The beginning and advanced areas of the Art Department have been completely revised this year. Now students have a greater freedom of style than ever before.

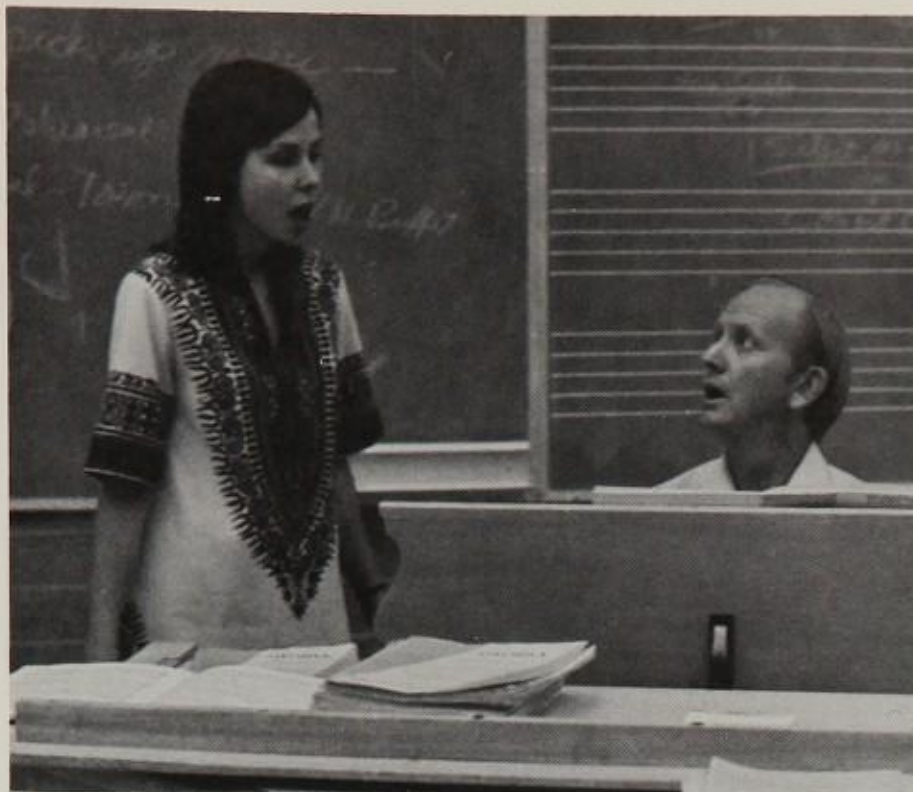

Special Fundamentals of Art and Print-making are the two new classes in the department this year. The most popular classes proved to be Ceramics, Drawing and Painting, and Jewelry-making.

A number of Art students entered the Arizona State Fair and ten received first place awards in their media. Winning entries were in such areas as drawing, weaving, painting, batik, stitchery, sculpture and macrame.

To round out the department activities this year, a show was organized at Christmas and a district-wide exhibit in the latter half of the semester was also held.

Sabrina Montgomery and Trudi Robinson get down to the nitty gritty of clay sculpturing.

Kathy Hynard practices her solo with Mr. Larry Wittig during Concert Choir.

Students in Mrs. Dotts 2nd hour Drama class rehearse a scene from "Winnie the Pooh" which was presented at Greenway school.

Performers Learn by Doing

Dan Joder practices playing a recording tuba during his lunch hour.

The philosophy of the Performing Arts department is that students learn by doing, according to Mr. Larry Wittig, the department chairman. There are many activities which involve practical application of the skills learned. The Performing Arts department sponsors several concerts and plays each year.

This year there is a new organizational system in choir. The boys' choir performs along with the mixed choir. Under this system the younger singers will learn from the more experienced singers.

There are 19 separate courses and a total of 33 separate sections in the department.

This year the drama classes performed plays at other schools. "You're a Good Man Charlie Brown" was presented at Campo Bello and Larkspur schools, and "Winnie the Pooh" was presented for the public at Greenway School.

Mr. Wittig feels it is an advantage that no performing arts classes are required for graduation because this way only interested students are enrolled.

There is a total of six teachers in the department. There are two new teachers, Miss Linda Deuel, who teaches the girls choirs and music theory, and Mr. Bill Kelly who teaches guitar and stage band.

Students Choose Athletics

Coach Roy Muller's 4th hour P.E. class performs jumping jacks. All the P.E. classes begin the hour with warm-up exercises.

According to Mr. Charles Baker, Physical Education Department Chairman, "We try to provide a program of activities for students who do not have great skills in physical activities, as well as for those with an abundance of natural skills."

This year three new teachers were added to the staff; Miss Barbara Barnett, Mr. Mike Shiminski and Mr. Dick Anders, former PV science teacher.

Classes offered were Health Education, a study of basic principles and practices of personal and community health; Gymnastics and Dance, offered to all sophomores, juniors and seniors; Introduction to Girls P.E.; Introduction to Boys P.E.; Advanced Boys P.E.; and Boys Physical Training.

Two girls jump for the ball in a quick game of speedway in Miss Mary Lou Kostielney's 4th hour P.E. class.

High jumping looks easy as demonstrated by a 4th hour P.E. student.

Special Education

Special Ed combines the basic academic courses such as Math, English, and Social Studies with a special "Skills" class designed to help students in a specific area.

Mrs. Jean Miller heads the Special Ed department and teachers include Miss Helen Bailey, Mr. Terence Kayser, Miss Laura Lamberto and Mr. Joseph Medcalf.

Elisa Barrett concentrates on her studies in her Special Ed. class.

Media Center . . .

"The right book for the right student at the right time and the opportunity to discuss it", is the philosophy of the library as stated by Miss Martha Golay, head of the department.

Miss Golay has arranged for all books in the library to be available for students to check out, including encyclopedias. The library has more than doubled its book collection in the last three years. They now have 22,000 books and are planning to get more pleasure reading and curriculum oriented books to expand their total to 30,000.

Besides the books there are five new reading machines available; two microfilm readers, two microfiche readers and a microbook reader. These machines take whole books and magnify it on film or a 3x5 card. The biggest advantage of this program is that the cards and film cannot be worn out or lost and they take up less storage space.

Miss Melanie Brisco, earth science teacher, helps student, Scott Fusso, find research material.

. . . Aids Students

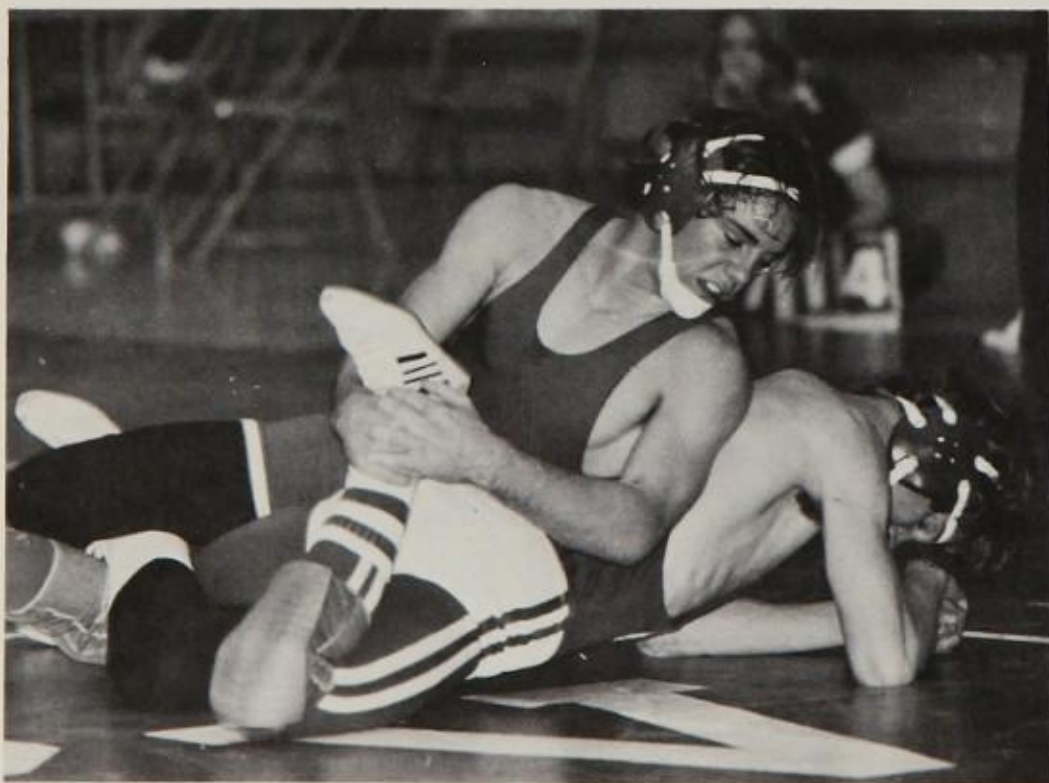

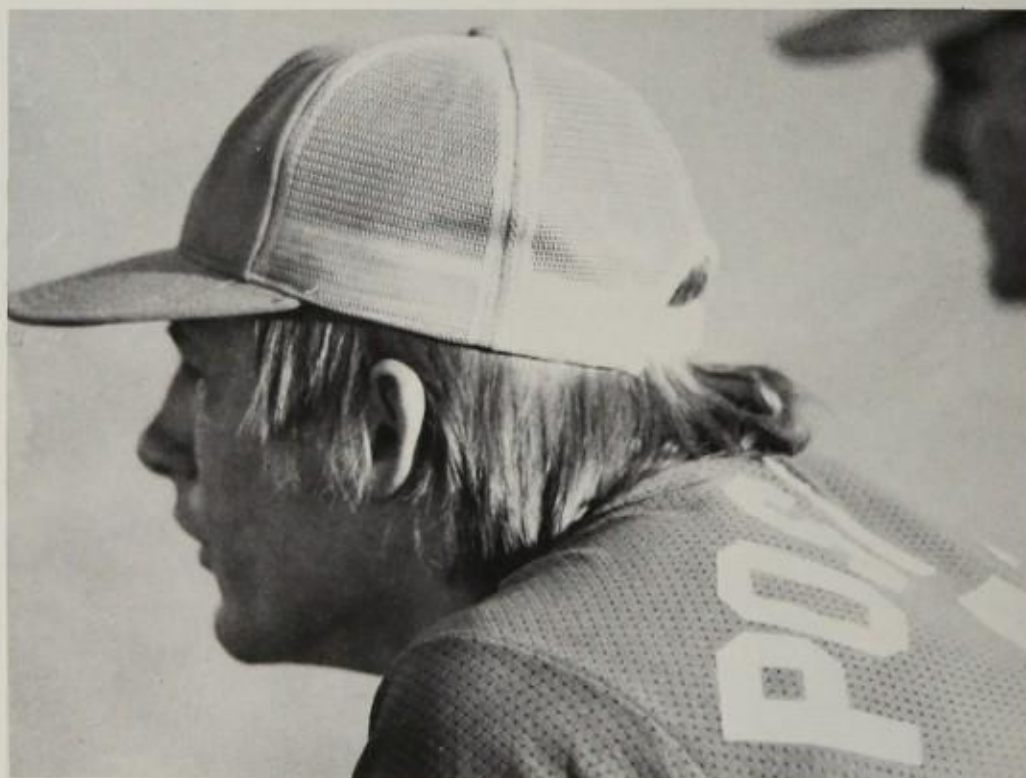

Norman Gotch, A.V. assistant, prepares to use the enlarger in the darkroom.

The Audio Visual Department consists of Mrs. Carma Unruh, Mrs. Rhonda Hutson, and Mr. Bruce Kinde.

Each day they make available tapes, films, record players for use in the classroom. Mrs. Unruh serves the school in other ways by reproducing tests and other materials. Mrs. Hutson assists in all areas and works in the darkroom as well as solving technical problems. She is also a graphic arts technician.

The new equipment includes five 8-track cassette machines, which are in constant use, along with film projectors and other various equipment in the department. Mr. Kinde coordinates A.V. so that teachers can receive equipment and materials for their use, as well as working with students on individual projects.

They're Gr-r-reat!

Under second-year head Coach Dick Anders, the Trojan gridders of Paradise Valley completed a successful season, equalling the previous season's record of 5-4-1. This year's squad bragged some of the most outstanding individual players in recent years. All-Conference selections included defensive backs Dan Lake and Greg Overend, linemen Rick Paicius, Tom Stehower, Eric Stine and Mike Clancy, and running back Gene Arrandale. These, and others, provided the leadership needed to produce a winning team. Highlighting the season was the Trojan's upset-win over the St. Mary's Knights, previously undefeated and ranked fifth in the state. Throughout the season, the PV defense sufficiently proved itself against many of the strongest offenses in the state. The experienced offense repeatedly managed the important plays, and in a number of contests, more than doubled the opposition's total output.

FROM LEFT: Manager Tom Redmon and senior running back Mitch Elrod display their emotions while coaches Dick Anders and Bill Wolfe look on with patience.

P.V. 24 Scottsdale 14

In the Trojan's first outing against Scottsdale, their pre-season efforts began to pay off. All-Conference running back Gene Arrandale led the barrage of rushing which saw the Red gain a total of 245 yards on the ground. Arrandale finished with 123 yards in 26 carries, followed by Mitch Elrod's 7 carries for 55 yards. PV's defense effectively shut off the Beavers' passing game and held them to a mere 139 yards rushing. Jerry Grim and Rick Paicius led the Trojan "D" with 8 and 5 unassisted tackles, respectively.

P.V. 0 Brophy Prep 12

Defense was the Trojan's strong point all season, and they showed why against a traditionally tough Brophy club. But despite the defense's strong showing, the offense never seemed to get things moving, and the Broncos managed just enough points to prevail by a 12-0 score.

P.V. 6 Moon Valley 14

Once again Gene Arrandale proved to be the Trojan's only bright spot against Moon Valley's playoff-bound Rockets. He rambled for a game-high total of 150 yards in only 15 carries, including a 72-yarder midway through the second quarter for PV's only score.

P.V. 21 Prescott 7

The cool climate of Prescott inspired the Men of Troy--enough to spear the Badgers, at least. From the opening kick-off, the PV running game took control, and consistently ate its way through the Prescott defense. The third play from scrimmage saw quarterback Pete Barnhizer sprint 55 yards for the opening score. Following the halftime break, Trojan fullback Dan Lake carried the ball over from the one, making the score 14-7. The Badgers couldn't hold onto the ball, however, and midway through the fourth Gene Arrandale let loose a 36-yarder to put the Trojans up, 21-7. Prescott's score came on a short run in the fading minutes of the first.

Senior fullback Dan Lake shows why they call him Mr. Touchdown, as he charges through the Sunnyslope defense for one of his many scores.

Linebacker Jerry Grim applies a fierce pass rush and forces an incomplete pass by the Moon Valley quarterback.

Seniors Mike Clancy and Doug McComb and junior Jerry Grim, center, show the determination that the defense displayed all season long. Clancy, a defensive tackle, and linebackers Grim and McComb, helped lead the PV "D" in forcing opponents into 19 fumbles, nearly two per game. 16 of the bobbles were recovered by the hot-footed Trojans.

P.V. 7 Glendale 7

The Cardinals, despite the score, were completely outplayed by the Trojans, in a game predicted to be one of PV's easiest. Paradise gained 216 total yards, compared to Glendale's 109, but the Redbird defense consistently managed to come up with the big play. Dan Lake scored the only PV touchdown on the last play of the third quarter, bulling in from the four.

P.V. 26 St. Mary's 13

Phoenix College was the site of the Trojan's clash with the 5th ranked and undefeated St. Mary's Knights. The PV gridders came out gunning. On the first play of the game, sophomore quarterback Greg Clark fired a 28 yard scoring pass to tight end Tom Stehower. From then on, the Trojans couldn't be stopped. Tailback Gene Arrandale scored twice on runs of 3 and 46 yards, and senior running back Mitch Elrod added 6 more with a 25-yard gallop. The Trojan defense didn't get much time to perform, but when it did, it performed exceptionally. The frustrated Knights were forced into a whopping 8 turnovers, including 6 fumbles gobbled up by the Trojans. The Big Red finished the night with 326 yards total offense, 217 of those coming in the first half alone.

Homecoming night saw the Trojan co-captains exchange pre-game greetings with their counterparts from Cortez.

P.V. 20 Sunnyslope 0

Traditionally one of the most exciting games, the Sunnyslope Vikings didn't provide much of a contest for PV fans or players this season. They brought a dismal record to the Trojan football field and played accordingly. Passing for 40 yards and rushing for 53, they finished the game with a 93 yard total, compared to PV's 222. Senior fullback Dan Lake led the balanced Trojan rushing attack with 55 yards, scoring 2 touchdowns. Gene Arrandale scored the remaining Trojan points from 10 yards out in the first quarter, but the PAT was blocked. The Red defense once again put the opposition in its place, allowing Paradise Valley to advance in the yearly rivalry with the Vikings.

An inside look at the defensive squad of the Paradise Valley Trojans, this season lauded as one of the conference's best. This play shows a futile fourth down attempt by Cortez during which the Trojans staged a successful goal line stand.

P.V. 26 Flagstaff 0

Up to the pine country traveled the Trojans to meet the victory-hungry Eagles of Flagstaff. The defense put on one of its better shows, forcing the Eagles into an embarrassing - 8 yards rushing, and giving them a game total of 50 yards. Meanwhile, the offense was staging a dazzling passing show and running around the slower players, to wind up with a 259 yard total. Dan Lake led the balanced PV attack with 84 yards, followed by reserve Jerry Grim's 15 carries for 52 yards. Grim scored two of the Trojan's tallies on carries of 2 and 25 yards. The remaining scores came on flashy pass plays from quarterback Greg Clark to receivers Tom Stehower and Mitch Elrod.

P.V. 7 Cortez 14

Homecoming seems to hold a strong tradition for the Trojans--an unlucky one. In probably the most exciting game ever staged in PV's stadium, the Red Machine went down in the last seconds to a strong herd of Cortez Colts. Dan Lake scored the only Trojan touchdown in a game which, despite the loss, reached a fine competitive level.

P.V. 19 Marcos DeNiza 34

The Marcos De Niza Padres, ranked number one in the state of Arizona, came to PV with a perfect 10-0 record. Holding MDN to fewer points than any other team this season, the Trojans also massed 220 yards, comparing favorably to the Padre's 348. They put up a fine effort and provided a respectable ending to a fine season.

Number one? The 1974 Trojan baseball team didn't think the idea was too ridiculous. In Pre-Season Ratings the team was ranked first in the Skyline Division with the potential to become State Champions.

Composed mainly of returning veterans of last year's squad, the players were more than willing to work for a victory. The coach felt that with the leadership and talent possessed by the '74 Trojan team they were headed for state finals.

The Trojan Grapplers entered the 1974 Division Tournament with a 10-0 record; the only undefeated wrestling team in the Skyline Division. The top varsity records this season were held by Glen Palmer 23-2, Howard Frintner 21-4-1, Tim Matteson 13-5, and Dean Wakefield 11-3-1. P.V. grabbed its first Skyline Division Crown with 107½ points after a great comeback from the first night of competition. The wrestlers who competed in the State Tournament were junior Glen Palmer, sophomore Tim Matteson, senior Dean Wakefield, junior Tom Bennett, junior Howard Frintner, senior Rick Paicius, senior Tom Matteson, sophomore Dave Pellerin, and senior Jerry Grim.

Paradise Valley's Cross Country Team had the honor of hosting the Cross Country Divisional Finals this year at their new Greenway Middle School course.

Bill Ball, sophomore, finished first for PV in the finals. Bob Hert, junior, who led the team throughout most of the season finished second for the Trojans.

The team ended their season with a 2-6 mark. Wins came against Scottsdale and Flagstaff.

The course near Greenway School, which the team just started using this year, was well worn by the footsteps of the PV runners as they ran eight to ten miles a day.

The Spikettes, who supported the track team last year, now supports the Cross Country team yelling encouragement and serving drinks after all the meets.

Coach Mel Rising coached the team throughout the season.

Cross Country has a unique way of scoring. Five runners from each team must start in the beginning and the low point total will eventually win the meet. For example, the person who comes in first gets one point, second place gets two, etc.

Distance men, Bob Hert and Brian Paterik run like white lightning.

Council Promotes Active Year

The 1973-1974 Student Council was more than willing to become involved in student affairs and they got their wish.

The group of student leaders was composed of presidents and boy's and girl's representatives from each class and the Associated Student Body Officers.

Reed Armstrong, Student Council President, made known the Council's desire to promote maximum spirit this year. The acquisition of a spirit sign, bell and jug, as well as cooperation with the cheerleaders in "Spirit Week" were just a few of the re-

sults.

The March of Dimes "Walk-a-thon" and "Shamrocks for Dystrophy" campaign were carried out smoothly under the direction of Teen Action Program Representative Melanie McLendon.

Other Student Council sponsored activities included the formation of a "Spirit Club," a visitation day for other schools interested in the Student Activity Building, a Christmas party for the Crippled Children's Hospital, and assistance in planning the Sweetheart Dance.

Thespians Provide Entertainment

Thespians is an international honorary society in which membership must be earned.

This year, Thespians sponsored two school talent shows along with the fall play, "Brother Goose," a comedy, and the spring play, "Flowers for Algernon," a drama, which was presented in the round.

Money raised from the shows went towards the annual Thespian installation banquet and scholarships to summer camp at NAU.

Mrs. Aurelia Dotts is the sponsor of Thespians. Second semester she was assisted by Mrs. Jenny Perry.

The community of Paradise Valley had an unusual treat this spring when Concert Choir produced the one-act opera, "Trial by Jury." This was the first time in 6 years that the choir had produced an opera.

The choir's other activities included fall, Christmas and spring concerts plus a concert by NAU's Shrine of Ages Choir.

This year's choir was larger than ever before with an enrollment of 43 members.

Concert Choir's annual spring tour encompassed the area in and around the Valley of the Sun and the San Francisco area.

Angels Receive Marching Honors

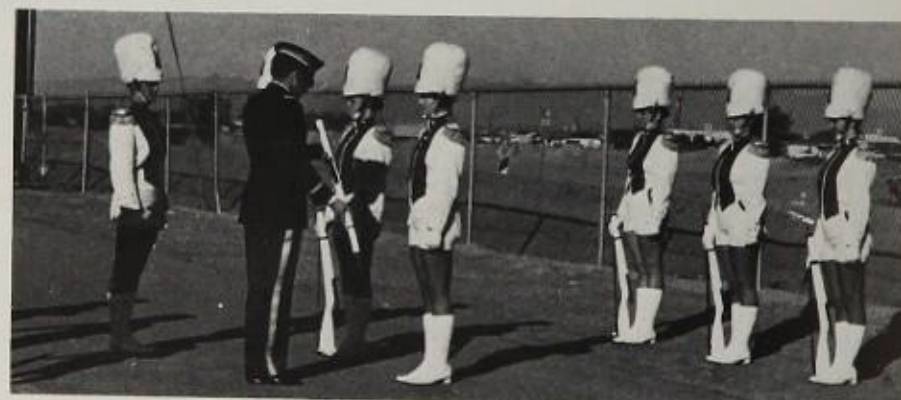

This year under the direction of Commander Keith Kayler the Angel Drill Team broadened its horizon. In addition to their traditional participation in football pre-game and half-time shows, the Angels appeared in various television spots, parades, and Army engagements.

The Drill Team now works in conjunction with the 164th Support Group (GS) of the United States Army Reserve. Through this association, such activities as appearing on nation-wide television, performing at the Arizona State Fair and color guarding for the Army Reserve Honors Banquet were brought about.

The Drill Team brought to PVHS a total of seven trophies and three plaques. They were chosen as Best Marching Unit in five parades this year: the Gomper's Christmas Parade, the London Bridge Dedication, the Parada del Sol, The Apache Junction Parade and the Mesa Rodeo Parade.

Among the noncompetitive events in which the Angels participated were the Fiesta Bowl and Shrine Circus Parades.

As an exciting finish to an active year, the girls were invited to attend the Army ARCOM Ball in California by special request of General Kaufman, USAR.

The Angels undergo one of several inspections performed by officers in the United States Army Reserve.

Norma Miller, Karen Morehouse, and Lynn Ernster take a few minutes off from marching to enjoy one of the many entertainments of the State Fair.

J.V. Cheer decorates the truck they rode in for the Homecoming Parade.

In the parking lot at Shea Plaza J.V. Cheer decorates the truck they rode in for the Homecoming Parade.

J.V. Cheer started off their year with 6 girls on the squad.

At mid-term, Connie Boegemann, captain and Brenda Doyal, co-captain, replaced two graduating seniors on the Varsity Cheer Line. They were selected on the basis of their seniority.

Janice Welker and Cathy Bennett then moved up to fill the vacant spots of captain and co-captain.

The girls worked in conjunction with Varsity Cheer in planning assemblies and other school sponsored projects.

Cheer Helps to Boost Spirit

To promote enthusiasm and school spirit, Cheer sponsored Spirit Week, complete with a pie eating contest, tricycle races, a balloon stuffing contest and ice-block standing.

At mid-term, J. V. cheerleaders, Connie Boegemann and Brenda Doyal replaced graduating seniors Debbie Podkova and Karen Hayes.

Cheer sponsors changed during the year from Mrs. Sherry Smith to Mrs. Mary Jo Wilcoxson.

The girls found out what it was like to dance instead of cheer at one of the games when the traditional change between Pom and Cheer took place. They donned Pom uniforms and danced to the music of "Painted Lady."

Everyone had to make sacrifices during the energy crisis, but cheer had the greatest sacrifice of all, they rode with the team to conserve gas.

Seniors Tempe Alford and Karen Hayes gaze into the crowd while performing a cheer.

Pom Adds Pizazz to Games

Junior Denise Harkinson gives the eager Homecoming crowd her biggest smile.

1973-1974 proved to be a full year for the Pom-Pon line under the sponsorship of Mrs. Santhe Niadner.

17 girls danced their way into the hearts of PV (and opposing schools) during football season.

To finish the season with a flourish, the girls kicked to the music of "Can-Can" at Homecoming wearing black tights and garters to complete the ensemble. They ended the can-can with each girl flipping her skirt up to reveal the hidden message of "Can the Colts".

The girls also appeared in the televised Fiesta Bowl Parade.

At Christmas time, dressed as Santa's Helpers, they distributed Santa-grams and at Easter became bunnies to deliver Easter-grams.

The girls sponsored a Pom clinic in December with a turn-out of over 70 girls.

Pom girls keep on truckin' along the Homecoming Parade route.

Staff Struggles to Meet Deadlines

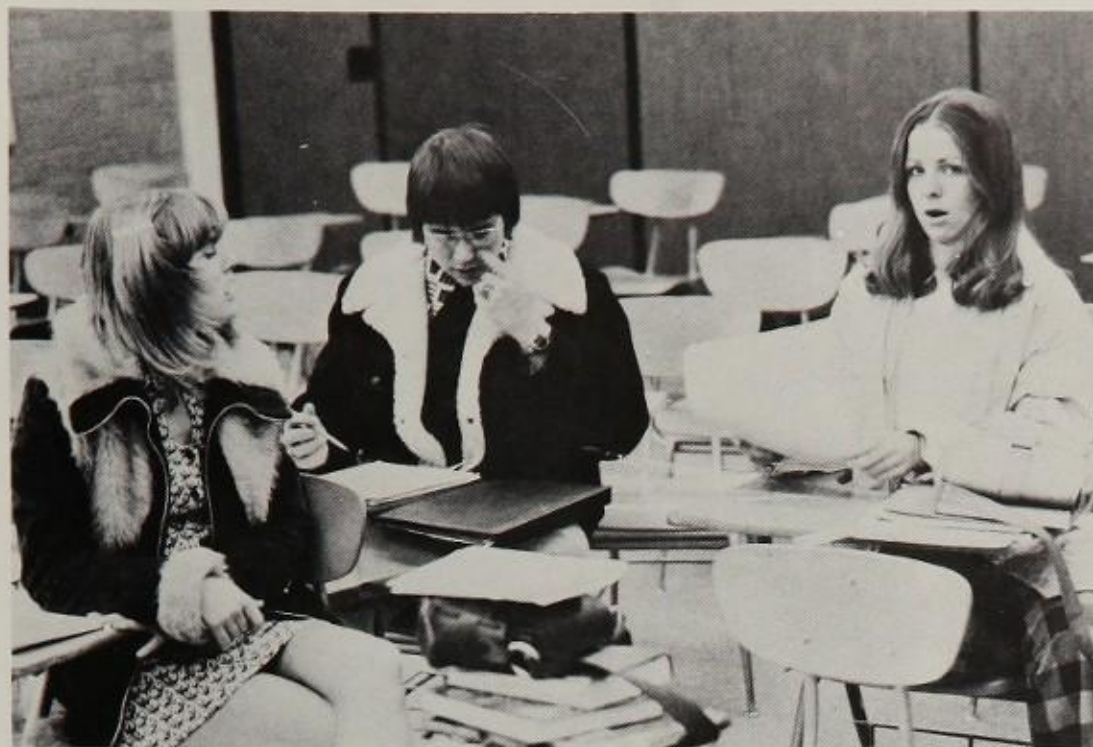

YEARBOOK: Row 1- Greg Byler, Lori Douglas, Dawn Alexander, Bill Darnell, Mrs. Phyllis Stanfield, advisor. Row 2- Reed Armstrong, Jodi Abodeely, Richard Diana, Debbie Johnson, Mark Cyr, Laura Jensen, Kelly O'Brien, Carolyn Smith. Row 3-Andrew Morgan, Tom Redmon, Jim Aycock, Sharon Mattson, Jeannette Colyn, Mike Fetzer, Karen Goldby, Brian Vetter.

Editors Jodi and Reed discuss policy.

Misplacing pages, searching the whole school for an unidentified person, taking pictures without removing the lens cap, staying after school until even the janitor's gone home and when at last, ready to go home, finding out that you have a flat tire, were all a part of a staff member's normal day on the Trojan '74.

According to Mrs. Phyllis Stanfield, advisor, this year's yearbook under the direction of Reed Armstrong and Jodi Abodeely, co-editors, worked harder and added more special effects to the yearbook than ever before.

Sheri Pewterbaugh, Brian Better and Karen Goldby prepare pages for the yearbook.

Carolyn Smith determines which picture goes where.

Business Manager, Debbie Johnson checks the ladder for ad pages.

Programs Meet Students' Needs

To benefit the students, the administration implemented many new programs this year including the Student Union, the Self-Study Curriculum, an on campus type of suspension and a new book rental process.

The Student Union has been one of the most important accomplishments of the administration this year.

The administration had been working on this idea for several years and was able to put it into effect. They feel the prep room is the answer to the students' needs.

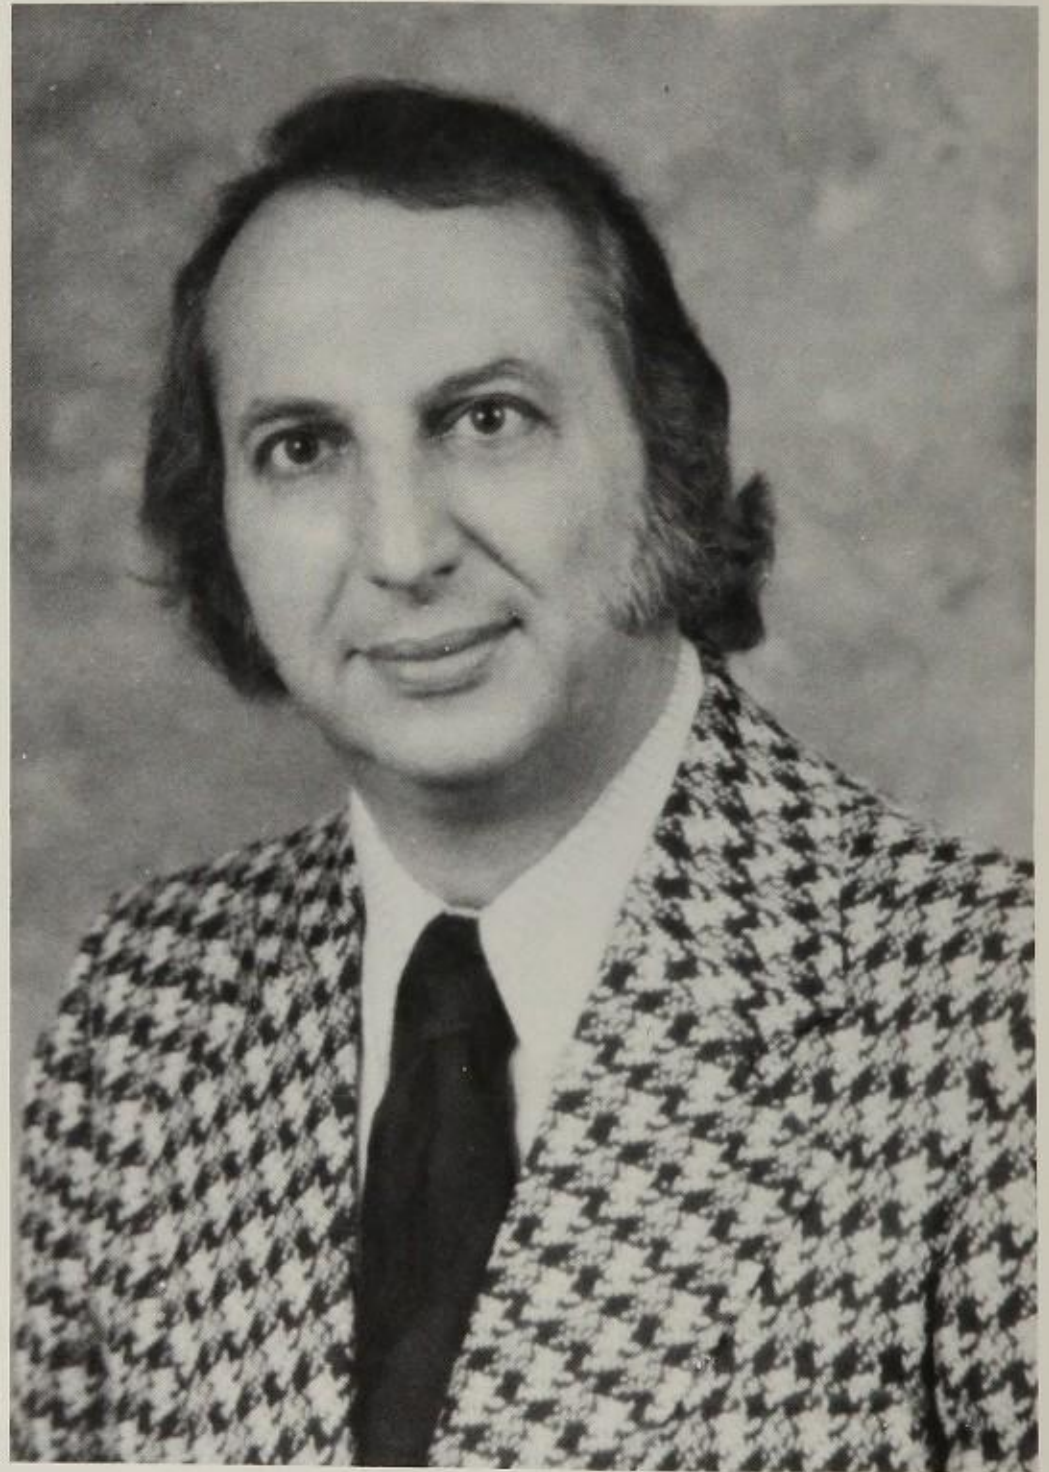

Another program that has been put into action this year is the Self-Study Curriculum. This program is a different approach to earning high school credit and a student works out his own direction of study in learning.

New vocational programs, mostly in the industrial arts and commercial departments, will be added next year to further meet the needs of the students.

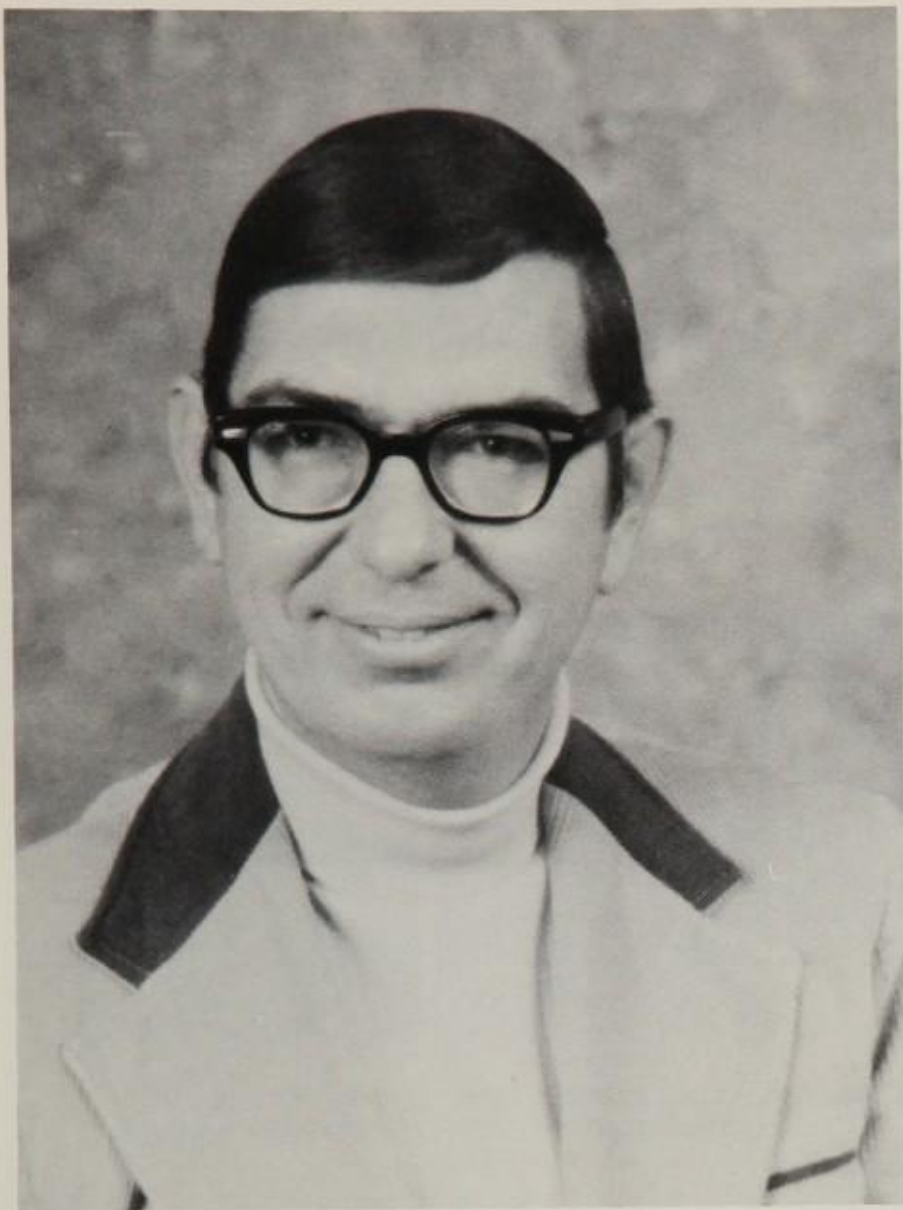

The new collegiate type of registration will continue into a third year. It is the most extensive registration program of its kind in the state.

The new book rental process which has saved time and the taxpayer's money will also be continued next year.

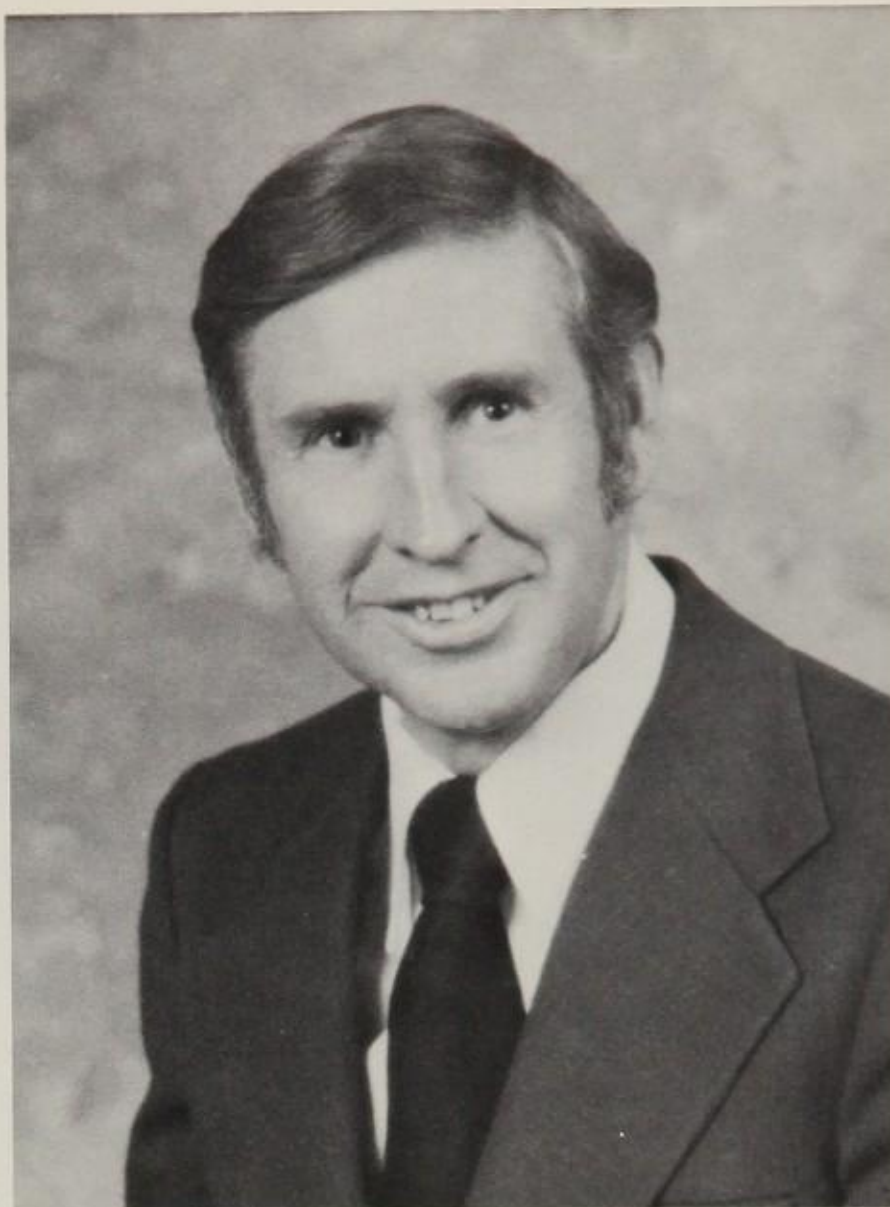

Dr. Chris B. Carrino, principal, has been "very happy with the entire tone of the school" and will continue "striving to further meet the needs of all the students at PV."

Dr. Chris B. Carrino, Principal

Dr. Elanny T. Luty, Associate Principal

Dr. Howard Conley has spent his first year here as assistant principal. He replaced Mr. James Ryan who will be the new principal of Shadow Mountain High School.

Primary construction of Shadow Mountain High School is outlined by its namesake, Shadow Mountain, in the background.

SMHS Prepares for Next Year

The contractors' sign in front of the Academic Building indicates that SMHS is becoming a reality.

Construction of Shadow Mountain High School, which is well underway, will affect the student load at PV since half of this year's freshmen will attend SMHS.

Phase I, the Academic Building, will be ready for the designated Freshmen and Sophomore students to begin the 1974-75 school year on Sept. 3. The second phase, the Activities Building will be ready for student use in January, 1975.

Construction of Shadow Mountain is providing for individual self-contained closed classrooms with demountable interior walls to give flexibility in the future.

A comprehensive educational program will be offered giving students the opportunity to choose courses from all subject matter areas.

Mr. James Ryan, principal, is planning a viable extra-curricular program and emphasizing student involvement. The designated students have already chosen "Gold and Navy Blue" as the school colors.

The Academic Building is under construction in the background and ground has been broken for the Activities Building in the foreground.

This view of the Academic Building shows that construction was well ahead of schedule.

The
Staff

of Trojan '74

would like to thank a number of people who, through their combined efforts, helped us make it through this year. The man to whom our most sincere thanks go-- who was always around when we needed him most--MR. BRUCE KINDE. Also MRS. RHONDA HUTSON, who always offered a shoulder to cry on. . . MR. GEORGE ECCLES, who risked his life in the line of duty to take our original club, class, and sports pictures, and for all of his extra help. . . MR. TOM MORROW, Editor-Publisher of the Valley News, who gave us football sports pictures for publication. . . photographer BRUCE BRINKERHOFF for his camera wizardry. . . the fellow responsible for the magnificence of the grid shot for our sports division page--LYLE BEITMAN. . . MR. GAINES DUVALL, for his superb athletic photography in taking our football team picture. . . MR. ROD MCKUEN, who unbegrudgingly gave us the use of his poetry. . . MR. CHUCK BURSELL and the AMERICAN YEARBOOK COMPANY for their help with everything involved in publishing a yearbook from deadlines through free advice. . . the valiant firefighters of Station #27 who suffered through a long afternoon of 18 pom pon girls, 12 cheerleaders, 2 editors and a couple of dogs* lounging in their station sipping soda pop--FRANK LIVELY, RANDY POTTS, GENE GARFINGER, and KARL BRODERSON. . . "AUNT PHYLLIS" STANFIELD, who came to class everyday, and in spite of the editors, helped create the number one book in PV history. . . and last, but not least--we, the editors, would like to thank the entire Trojan '74 staff for their individual efforts in keeping this book from being a disaster.

*with special thanks to Candy and Sam.

Jackie,

I really don't know how to begin, because we really never had a beginning to our friendship. (QUEER) we were just kind of all ways together. Always Remember the Crappy things we have done. For instance, the First detention you ever got while you were here, Henry, gave it to us, + you stood there and kept saying you wouldn't serve it!! God, for a minute I thought it would really be a knock-down drag out FIGHT ^(wished) _(Thinking) ya did finally serve it, (did ya?) How we Kicked Julie off our lunch table. I really was sorry we had to do that because we were good friends, but we couldn't find room for every body she wanted to bring over!! And Heres a real BIGGY The Sophmore Dance. (A REAL winner!) Remember how in the bathroom we tried to think of how ~~we~~ we could lose DAVID, and when we finally found away, we realized he had the CAR!! I don't think I've had a pizza sence then!! We really didn't do much over the summer, so that's All for last year, NOW for this year. We haven't been in school that long together this year, but still we've all ready done an awful lot!! For opener's there's our beloved Literature class with, God love her, Miss Flynn. ^{o o} ya just know she's one of my favorites! over >

Ya know she's — in' crazy if she puts you right in front of me in her class. It's always such a relief when she lets us talk the last ten minutes of class, because ya know we never do!!! and all the time we've spent and FRIENDS we've made in the Second Floor Bathroom. One of our closest friends JOHNNIE + Sr. Jeananne!

"Jackie why were you hiding" says the BIG BAD WOLF!

The many times we've been skating (z). The day we flew over to Taje's. That was one of the Higest spots in my life!! and never forget our lunch table. It's really not going to be the same without ya. because it seems like ya have been here forever! I know this is really gonna sound queer, but I think we really have a special friendship, because we're closer than friends. like all the times we call each other with problems ^{+ talk} over the phone + cry, but some how we always are laughing when we hang up!! This is all I guess. but there's Really alot more I could say. Good luck + TAKE CARE.

P.S. I forgot to mention, R.M.A.
our "Super Great"

Physical Science Classes + Love Ya
"Grammar classes" with Angie!!

P.S. Remember
SAT. P.M. +
D.A.

"Fun, Fun, Fun"
+ wait

So Jackie,
I don't know
you real well but
you sure are a nice Bath
room Buddie. I will miss you
when you go to lose cause there
will be nobody to talk to in the
bathroom. You are sweet.
Love Always
Nancy Dumetor 174
Soph.

Jackie,
So the greatest sweetest
person I've ever met and
who I'll never forget. I don't
know what I'm going to do when you
leave cause I won't have any one to tell
about me & Chad. I put a lot of trust
in you and I did you. I only wish you
the very best in life and at loss cause I believe
you really deserve it. You have a good head on
your shoulder and I hope it stay that way too!
You better come see me sometime and call me too!
935-3881 or 935-5039
Party (Oct. 28) 7:30 & Goodluck with Perry
& Rexda & Chad

P.S. I'll miss ya!
Call me if you're going to come
& I'll give you directions to
my house!
